# The Write Stuff Competition

## 2021 P.1 Our Talented Writer

### Topic: I Like My Teacher

Champion.....	1B Tsoi Yat Long / Jasper (22).....	1
1st runner up.....	1B Pin Chi Lam/ Ginny (18).....	1
2nd runner up.....	1B Chan Eunice (2).....	1
Merit.....	1C Siu Pok Man / Aiden (20).....	1
Merit.....	1D Ma Yee Ching / Bella (19).....	1

## 2021 P.2 Our Talented Writer

### Topic: I Like My Teacher

Champion.....	2B Chan Ching Yi/ Jenny (2).....	1
1st runner up.....	2A Lee Ho Wang/ Ficus(8).....	1
2nd runner up.....	2D Wong Chi Ching / Nickie (19).....	1
Merit.....	2A Wong Terence (22).....	1
Merit.....	2B Chan Pak Him (3).....	1

## 2021 P.3 Our Talented Writer

### Topic: My Favourite School Event

Champion.....	3B Wan Pui Lam / Quincy (23).....	1
1st runner up.....	3D Chan Yi Long / Edan (5).....	1
2nd runner up.....	3D Yeung Sin Tung / Samantha (25).....	1
Merit.....	3A Cheng Cheuk Tung / Abby (3).....	1
Merit.....	3A Yau Man Nok / Moses (26).....	1

## 2021 P.4 Our Talented Writer

### Topic: My Favourite School Event

Champion.....	4B Lai Ho Man / Homan (13).....	1
1st runner up.....	4D Kong Yau Kiu / Arnold (5).....	1
2nd runner up.....	4A Tse Cheuk Ting / Justin (20).....	1
Merit.....	4B Tang Yui / Yuri (21).....	1
Merit.....	4B Chong Lok Ching / Jeffery (11).....	1

## 2021 P.5 Our Talented Writer

### Topic: What I Learnt from School

Champion.....	5A Lam Wing Yin / Vanessa (14).....	1
1st runner up.....	5A Lam Man Ho / Eden (13).....	1
2nd runner up.....	5A Wang Eva (26).....	1
Merit.....	5C Chan Hoi Laan / Kristy (3).....	1
Merit.....	5C Hui Yau Hei / Yobi (22).....	1

## 2021 P.6 Our Talented Writer

### Topic: What I Learnt from School

Champion.....	6C Cheung Karmen (8).....	1
1st runner up.....	6B Cheung Kiu Ka / Ella (5).....	1
2nd runner up.....	6D Hui Tsz Kit /Queenie (6).....	1
Merit.....	6A Hu Ada (9).....	1
Merit.....	6B Tse Hei Man / Elsie (22).....	1

## 2021 P.1 Our Talented Writer - Writing Competition

### Topic: I Like My Teacher

**Champion: 1B Tsoi Yat Long / Jasper (22)**

At FAGPS, there are many good teachers. There is one teacher whom I admire and like the most, her name is Miss Wong. Miss Wong is a Maths teacher. She is young and slim. She has an oval face with long straight hair. I like Miss Wong because she is always nice to us and seldom blames us for our mistakes. I am happy to be her student.

**1st runner up: 1B Pin Chi Lam/ Ginny (18)**

Miss Fung is my favourite teacher. She teaches me Chinese and Music. She has long straight hair and a pair of big beautiful eyes. She is kind and friendly. I enjoy having her lessons. I like singing with her while having Music lessons. Miss Fung, thank you for your guidance.

**2nd runner up: 1B Chan Eunice (2)**

My name is Eunice Chan. My favourite teacher is Miss Fung. She teaches me Chinese and Music. She is also my class teacher. She is slim and pretty. She has long hair. She is medium height. She is nice. I like her because she is very caring and patient.

Miss Fung, thank you for your care and teaching.

**Merit: 1C Siu Pok Man / Aiden (20)**

My favourite teacher is Miss Yuen. She is my English teacher. She is young and tall. She has long hair and wears glasses. She looks pretty and friendly. I look forward to my English lesson every day. I love having Miss Yuen as my teacher. I hope she will be my teacher forever.

**Merit: 1D Ma Yee Ching / Bella (19)**

I like Miss Chan. She is my Chinese teacher. She has a round face and long hair. She also has big eyes. She is slim and beautiful. She is helpful and kind. She teaches us very well. I like answering her questions. I like to tell her, "Thank you for teaching us."

## 2021 P.2 Our Talented Writer - Writing Competition

### Topic: I Like My Teacher

*Champion: 2B Chan Ching Yi/ Jenny (2)*

My favourite teacher is Miss Lau. She is my class teacher. She teaches me English and PE. She is younger than my parents. She is not tall or too short.

She has a pair of bright eyes. Her hair is curly, long and beautiful. I like her because she is kind and nice. I like to do exercise and play with my classmates during the PE lesson under her guidance. I would like to thank her for teaching and helping me with my studies.

*1st runner up: 2A Lee Ho Wang/ Ficus(8)*

My favourite teacher is Miss Kong. She teaches me English. She is short and slim. She has medium length curly hair and wears a pair of glasses.

Miss Kong is kind and friendly. She speaks softly to the class all the time. She is also very helpful because when my classmates don't know how to do the homework, she will teach them patiently.

Miss Kong, I love you as my English teacher!

*2nd runner up: 2D Wong Chi Ching / Nickie (19)*

I like my General Studies teacher. Her name is Miss Lam. She is tall and has long hair. She also has big eyes and is beautiful.

I love to attend her class because she is an interesting teacher. She is very nice too. I will raise my hand when she asks us questions.

I hope that she will be happy forever and will accompany me when I graduate from my primary school.

*Merit: 2A Wong Terence (22)*

Miss Kong is my English teacher. She is very nice to everyone. I like her.

She has a round face. She is young. She has long hair. She is tall and thin. She is pretty and beautiful.

Miss Kong is also like a friend of mine. She often likes to talk to us about many things. She likes to laugh very much and often laughs, "Ha ha ha."

Miss Kong's English is very good. I think she is very smart. I hope that my English will be as good as hers. I know I will become a smart person.

*Merit: 2B Chan Pak Him (3)*

I like Miss Lau. She is my class teacher and also my English teacher in P.1 and P.2. She is very nice and beautiful. She always smiles and makes lessons interesting. I am very lucky to have such a good teacher. I want to say from my heart, "Thank you, Miss Lau! Thank you for your effort and patience. I wish you can have a wonderful life."

## 2021 P.3 Our Talented Writer - Writing Competition

# Topic: My Favourite School Event

*Champion: 3B Wan Pui Lam / Quincy (23)*

I like playing outdoor games with my classmates and breathing fresh air in open areas. That's why my favourite event is the school picnic.

We always go to Tai Po Waterfront Park for the school picnic. There is a playground, a tower, a big grassland and other facilities. Last time when we arrived there, we walked around and took photos. I had a sandwich and fruit for lunch. I also shared snacks with my classmates. After lunch, we played group games, flew kites and visited the butterfly museum. I liked the butterfly museum best because I could see different kinds of colourful butterflies there. We must keep quiet and should not run inside the museum. We learnt so many things about butterflies.

At the end of the day, we picked up all the rubbish and then we washed our hands in the washroom. We were happy but tired, so we all slept on the school bus.

*1st runner up: 3D Chan Yi Long / Edan (5)*

There are many different school events in our school. My favourite school event is Sports Day.

Sports Day is held once every year. It will be held on the 14th January this year. We go to the sports ground for this event. We can take part in different field or track events. The athletes warm up by stretching before races. The cheering teams cheer for their classes. Everyone tries their best in the races. Some will win but some will lose. It is very exciting!

There is a prize-giving ceremony at the end of Sports Day. We appreciate everyone's effort. We all enjoy Sports Day.

*2nd runner up: 3D Yeung Sin Tung / Samantha (25)*

My favourite school event is the school fair. The school fair was held on 1st February to 2nd February. The event was held at school.

I bought two tickets at the ticket booth with my mother. I played card games and ball games at the booths. I won a lovely dollars a prize. After the lucky draw, we went to watch the clown and puppet shows. The shows were interesting!

After the shows, I got my face painted. My favourite painting was the butterfly. After the painting was finished, we went to buy snacks at the food stalls. There was lots of different food. They had hot dogs, popcorn, fish balls and candyfloss.

Finally, I played in a bouncy castle. After that we went home. I enjoyed the games and shows because they were fun. I played there for the whole day but somehow, I didn't feel tired.

*Merit: 3A Cheng Cheuk Tung / Abby (3)*

My favourite school event is the school picnic. It is usually in November. We go to different places for the school picnic every year. I feel happy and enjoy this event.

I can make a lunch box and share the food with my favourite classmates on that day. My classmates share their snacks with me, too. My class teacher, Miss Yuen, takes some beautiful photos and plays group games with us on that day.

I feel very cheerful on that day because I can play exciting group games and eat many different kinds of delicious food with my favourite classmates. I love the school picnic very much!

*Merit: 3A Yau Man Nok / Moses (26)*

My favourite event is the school picnic. It is usually in November. We went to Tai Po Waterfront Park last year. We went to visit the insectarium at the park. I saw a lot of insect specimens. We had a picnic there and I shared food with my friends. We also played outdoor games. I felt very happy and excited. I like the school picnic because I can play with my friends and share food with them.

## **2021 P.4 Our Talented Writer - Writing Competition**

### **Topic: My Favourite School Event**

*Champion: 4B Lai Ho Man / Homan (13)*

My favourite school event is the school picnic. It was in September. We had the school picnic at Tai Po Park. My classmates and I were looking forward to the school picnic because it is always fun. It was a lovely morning. The sun was shining brightly and there were white clouds floating in the blue sky. Miss Lai took us there.

At the school picnic, we took photos in the park. Tai Po Park is peaceful and beautiful. It's full of green plants and colourful flowers. The flowers were blooming.

Next, we played ball games. We tossed a ball to each other and played excitedly. Everyone had a wonderful time.

Then, I flew a kite with my best friend. My kite looked like a pretty bird that floated on the wind. I ran around the park cheerfully. It is my favourite activity because flying a kite is very interesting.

Soon, we felt very hungry and thirsty. I could eat a horse! We sat at the table and took out a lot of food, such as beef hamburgers, fresh fruit and mango pudding. They were mouth-watering. Without a moment's hesitation, I took a big bite of the hamburger. The beef patty was tender and juicy. We gobbled up all the food.

Finally, we went home by school bus. Although we were tired, we were glad. I hope we will have the school picnic again because I played lots of games and ate lots of yummy food. I feel happy at picnics.

*1st runner up: 4D Kong Yau Kiu / Arnold (5)*

My favourite school event is the school picnic. Every year my classmates and I have a picnic. It is an event which we all look forward to. I still remember the happy memories made at the last picnic.

Last year, we went to Wu Kai Sha Youth Village. It is located in Ma On Shan in Shatin. We went by a coach and it took one hour to get to our destination.

It was a sunny day. I was in a good mood because it was the day after the school examinations. It was in November so the temperature was perfect. It was not too hot and not too cold.

First the teachers separated the students into groups. We had great fun. Not only did we play on the outdoor playground, but also in the indoor entertainment centre. Then we felt tired so we put a blanket on the grass and we sat down for a meal. We took out all the food and drinks and we shared all of them. The time went fast. Near the end of the day, we gathered and took group photos with the teachers.

We loved the school picnic because we can play and chat all day long. We seldom do that in school so we cherish these events. We felt happy and joyful all day. I can't wait to join the school picnic this year.

*2nd runner up: 4ATse Cheuk Ting / Justin (20)*

My favourite school event is Sports Day. It was on the fourteenth of January. It started from nine o'clock in the morning to three o'clock in the afternoon. It was held at North District Sports Ground. We travelled there by bus.

On that day, it was warm and sunny. My headmistress introduced the race activities and regulations. There were a lot of events such as 60-metre race, 100-metre race, long jump, 4x100-relay and a cheering competition. My classmates and teachers designed some tools to support our participants. For example, oil-paint banners, many colourful, shaking bottles and slogans. We were excited and chatted happily.

I took part in the 4x100-relay. My team members were Owen, Feynman and Ted. I wanted to win and get the prize. All four of us are good at running. I ran the anchor leg because I am the fastest. Bang! The race started. Our team ran very fast. When Ted passed the baton to me, I was very nervous and my legs were shaking. I tried to run as fast as I could but I fell down. I was in pain and my knee was injured. I felt upset and I cried loudly. After that, my teammates carried me to the finish line. I apologised to my friends for letting them down, but they didn't mind.

Finally, my favourite superstar Wong Kam Po was there. He is a famous champion cyclist in Hong Kong. He is my favourite idol. Suddenly, he said, 'Your team wins the teamwork medal.' We received the medal from him and then jumped with joy!

I love Sports Day because I learned that teamwork and friendship are more important than winning a race.

*Merit: 4B Tang Yui / Yuri (21)*

My favourite school event is Sports Day. It was held last year and it was very unforgettable for me.

I went to the Fanling Stadium for this event. All the teachers and students were there. We were so excited.

For the first event, I took part in the long jump. I was not good at it. I tried to jump as far as I could but I did not place anywhere.

For the second event, I joined the 60-metre race. My classmates Lily, Macy, Peter and I got ready at the starting line. When the starter fired the starting pistol, I ran as fast as a cheetah. I was the fastest. I eventually came first in the race.

Finally, there was a 4x100-relay. Macy, John, Daisy and Natalie participated in the race for our class. I was in the cheering team and cheered for them. Unfortunately, Daisy dropped the baton as she passed it to Macy. Our team came last but I comforted them.

I was so glad on that day because I won a gold medal for my race. Not everyone could get a medal but they all had great fun on Sports Day.

*Merit: 4B Chong Lok Ching / Jeffery (11)*

My favourite school event is the school picnic. It was in November. We went to Tai Po Waterfront Park for the school picnic. It was a short but lovely experience.

In the morning, we gathered and boarded our school bus. Once we reached there, we were amazed by the view in front of us.

The sky was blue and the green trees were waving in the breeze. Also, we could hear the birds chirping. What a great day for a picnic!

Soon, our teacher found a great place for us to settle down. Then we all opened our lunchboxes to see what we brought. We had sausages, fishballs and sandwiches. After we had eaten lunch, we played almost everything that we could play there, like hide-and-seek, throwing bean bags and some other team games. Our group won the games so we were on cloud nine. We clapped and cheered for a long time. After the games, we were all tired.

The time passed quickly and soon we didn't realize that we had to go back to school so soon. I will never forget this picnic. This was the most memorable day of my school life!

## Topic: What I Learnt from School

*Champion: 5A Lam Wing Yin / Vanessa (14)*

I have studied in my school for almost five years. I have learned a lot of knowledge and skills from the teachers. I am grateful to be a student in Fanling Assembly of God Church Primary School.

First, I gained a good reading habit from school. It was because the school encouraged us to read more books. For example, my school carried out the 'one student one book' scheme. I could take a good book home to read. It helped me learn to enjoy reading books. I thank the school a lot for this.

Second, I learned to express my ideas clearly. I was shy before I studied in this school. I was afraid to speak up in class. My teachers always asked me to speak or express my ideas in class but I didn't want to. Now, when I have ideas, I will raise my hand to speak. I am grateful to the teachers for this.

Finally, I learned the importance of sportsmanship. I joined the 'martial arts' school team in Primary Two. We lost many of our competitions. We felt unhappy but the teachers kept encouraging us to never give up so we practised more after school. Now, we sometimes win the competitions and get prizes. I'm lucky that the teachers in my school encouraged us to keep trying and not give up.

I enjoy my school life in Fanling Assembly of God Church Primary School. I will love my school forever.

School. Some people like it, some don't. Personally, I like it for the following reasons.

I study many subjects at school, like Chinese and Mathematics. But my favourites are English and P.E. The English lessons really helped me to learn vocabulary that I can use in my writing and have really improved my grammar. Plus, English is now my best subject which I'm quite proud of. In P.E. lessons, there are a lot of fun activities that I can do to keep myself strong and energetic. I feel a lot better after P.E. lessons than I do after playing video games.

I like to do all my homework at school before I leave. Therefore, when I get home, I'll have more time to study and relax. I always need to revise some grammar or Chinese. It is fortunate that I always have some time to let out my stress.

Even when I was in the first grade, I was always quite good at English. One day, my English teacher told us we'd be having the 'Spelling Bee' soon. She explained that it was basically a spelling competition. When I heard the word 'spelling', I was pumped! I really wanted to win that competition. Therefore, when I got home, the first thing I did was dash into my room, almost breaking the sound barrier and started studying like I'd never studied before. A few days later, the Spelling Bee was beginning and I was really nervous. Soon after, the students started falling out. Although my heart was pounding very fast, I spelled all the words correctly. Finally, I won! The teacher gave me a certificate and a medal. The students were clapping and cheering. That was one of my most unforgettable and extraordinary experiences.

Last but not least, when I was in the third grade, I had a teacher named Mr Fong who taught us Maths and G.S. He's my favourite teacher because he's really nice to students and always chats with them at recess. He isn't very serious but still teaches really well. He also teaches more things that we need to know than our textbooks!

Above are my reasons for why I like our school. I really don't want to leave. It's been so nice here! I will miss this place when I have to leave, but we all need to grow up, right?

*2nd runner up: 5A Wang Eva (26)*

I have studied in this school for three years. I have enjoyed my time here very much. I like the people in the school and I have learned many good habits and personality traits from school.

Mr Fong helps me a lot with my studies. He guided me patiently when I had questions in Maths. He smiles all the time and he is my favourite teacher. I have also made some good friends in the school. Coey is my best friend. She is kind, helpful and polite. We have a lot in common. I have learned how to tell right from wrong from my teachers and I have learned to treasure friendship with my friends.

Not only have I learned those good characteristics, but I have also learned some good habits, such as reading books, spending my pocket money wisely and managing my time better. I didn't make a plan before doing something or spending money in the past. But now I always think of a plan before doing things. Therefore, I have more spare time to do what I like to do.

I am thankful for becoming a better girl after going to this school and I think I will become even better in the future.

*Merit: 5C Chan Hoi Laan / Kristy (3)*

Time flies. I have studied in Fanling Assembly of God Church Primary School for almost five years. I enjoy studying Drama class at school because it is interesting. In Drama class, I practise many facial expressions, for example, sad, happy, scared, angry and excited. Also, I learn and practice acting skills with my lovely classmates. I think Drama class is both interesting and fun.

The teachers have taught me to be more confident. I'm not shy anymore. The teachers often invite and encourage me to answer questions so I have become brave and confident. I thank the teachers here for their teaching and care.

My most unforgettable experience at school is about the time when I was a helper to prepare performance props in P.3. It was my first time to cooperate with others. I met a lot of new friends. I learnt to follow the rules given by the teachers. It was so much fun!

My favourite person at school is Mr Yuen. He speaks humorously. Also, he always encourages me to express my ideas clearly.

I enjoy studying in this school very much.

*Merit: 5C Hui Yau Hei / Yobi (22)*

Time flies. I have studied in this school for almost five years and I have had a lot of great times. The following is what I have learned in the past five years.

First, during the Chinese and English lessons, I have learned a lot about the languages. For example, the teachers taught me how to write sentences and passages in English. I have also learned how to spell different words. In the Chinese lessons, I learned how to tell a story fluently. In class, I also learned how to focus and not to talk with my friends.

Secondly, I often went to the library during recess to read English story books. When I was reading English books, I jotted down new words and looked up their meanings in the dictionary.

Lastly, I also joined the volleyball school team when I was in P.3 and P.4. I practised volleyball every Thursday and Saturday. I learned some simple rules and skills of volleyball. For example, the coach taught me how to serve and receive the ball. Besides this, I also learned how to communicate with my friends and teammates. I need to speak loudly and clearly.

In conclusion, I have learned a lot in the past but at the same time, I have also enjoyed my time in this school. I will keep working hard in the next two years!

## 2021 P.6 Our Talented Writer - Writing Competition

### Topic: What I Learnt from School

*Champion: 6C Cheung Karmen (8)*

I like my school. I've made lasting friendships, learned new things and had a lot of fun trying out different activities, for most of which I was good at. I am currently in Primary Six and this is the last year I will be at this school. I have learnt a lot and I am grateful for all the things my teachers and friends have taught me.

I enjoyed studying most of the subjects at school. There were a few that I thought were a bit hard to adapt to but I managed to get passing grades in the exams. My favourite subjects are English and Art. Both of which I think I am good at. I like writing stories and I do well on writing assignments. My parents say that I'm creative because I'm able to think of story ideas in a few minutes. I'm good at art too. I like searching on the Internet for things to draw and then replicating them on paper. Whenever I got bored, I get the nearest scrap of paper and start doodling on it. I often don't know what I'm drawing so they turn out to be random things. I also share a notebook with my best friend. We take turns to take it home and draw in it. Then we share it with each other.

Most friends are made at school. I've made many friends throughout my three years at this school. My best friend is Queenie, although I have not been in the same class with her for two years. We met in Primary Three and have been best friends ever since. We help each other with work and other things and discuss fun topics online and play some video games together. She is my best friend and always will be.

In Primary Four, I joined the Drama Club with Queenie and my little brother. It was an unforgettable experience. I liked acting although I didn't like the character that I had to play. I went through a whole year of practising dance moves and acting out the parts in the play. At the end of the year, we acted out the play three times, once for the parents, once for the lower form students and once for the higher form students. I didn't join in the following year because it was too tiring and I wanted to try some new things. But the feeling of being onstage will never leave my memory.

To conclude, even though I wasn't at this school for the full six years, I have learnt a lot and I will never forget what everyone in this school has done for me.

*1st runner up: 6B Cheung Kiu Ka / Ella (5)*

I love my primary school so much because it is just like a second home to me. Within these six years, the teachers have been very patient and kind. They all have a passion for teaching. My classmates are helpful and cheerful. We are like a big family and I have had numerous joyful and memorable experiences within these six years.

My English teacher in both P.5 and P.6 is Miss Lau. She is the best teacher I have ever had. I remember once when I got a very bad grade in my exam, I was very upset. I thought I would be blamed by her but she didn't. However, she encouraged me and spent her own time to teach me. Since then, my English has improved a lot. This was an unforgettable and touching experience for me.

School offers us not only academic knowledge, but also teaches us how to respect others and become responsible people, which I think is more important. I grew up and have become more mature. My school has helped me develop a good personality.

I'm going to leave this warm family soon to face a big challenge, which is to set off for secondary school. I'm nervous but I'll try my best to overcome this challenge.

Goodbye and thank you teachers. I'll never forget the enjoyable and valuable six years in this family.

*2nd runner up: 6D Hui Tsz Kit /Queenie (6)*

Time flies. I have studied in this school for almost six years. I have learnt plenty of things and I want to thank some of my teachers and friends here.

I enjoy studying almost every subject in school but I like Chinese best. Thanks to Miss Chow, my Chinese teacher. She makes Chinese classes interesting so I often answer questions actively. Sometimes we get to enjoy the prizes she gives us, such as playing dodgeball together.

Like everyone, I gained my personality traits from school. I've learnt to control my temper by joining different special classes, some of which are for students who have emotional problems like ADHD and Autism. Also, I've learnt not to be too proud when I accidentally flunked my Putonghua exam when I was in PrimaryTwo.

The most unforgettable experience of mine is on Sports Day when I was in Primary Five. I didn't participate in any of the events so I became a helper with some others. As a helper, I needed to help the runners to collect pieces of cloth, which had numbers on them, from the finish line and run back to the starting line. I was tired but I think it was satisfying and meaningful. Although I needed to run around many times as a helper, I was glad.

Honestly, I like almost everybody at school, especially the teachers who have taught me but my favourite person is my best friend, Karmen. She is kind, creative and hard-working. She is also good at English since she was a newcomer from England when I was in Primary Three. We often talk in English with each other and that is the icing on the cake for me.

Overall, I've learnt lots of things at school. I've gotten new personality traits and memorable experiences. I'm also grateful to have such good teachers and great friends.

*Merit: 6A Hu Ada (9)*

I have studied in my primary school for almost six years. During this time, I have learned a lot from my school.

First of all, I have learned plenty of knowledge through different classes. I enjoy studying Mathematics and Music subjects the most. When we were having the Mathematics lessons, we usually had some competitions among the groups which could motivate us to engage in the classroom and learn the knowledge through the competitions. As for the Music lessons, we often sang some soft tunes in front of other students and we could learn plenty of interesting things in a relaxing way through our cheerful voices.

It's worth mentioning that I also gained some personality traits from school. There's an unforgettable experience at school which taught me a lot. Once, I was invited to perform in front of all the senior students and even our school principal! It made me so nervous that I looked like a cat on hot bricks. A teacher told me to relax and to be confident. After going through this, I have learned to have self-confidence.

In addition, I have learned some important qualities from my teachers too! Miss Hui was one of my favourite teachers. She never gets impatient when teaching us. I have learned love and patience from Miss Hui. I hope I can be a friendly person like her and provide love for society.

Lastly, I need to thank my primary school, which gave me an extremely good education and led me to become an excellent person.

**Merit: 6B Tse Hei Man / Elsie (22)**

My name is Elsie. I'm a P.6 student from Fanling Assembly of God Church Primary School.

My favourite subjects are Chinese and Physical Education. The reason why I like Chinese is because what the teacher says in the Chinese lessons is very interesting and easy for me to understand. I often write the key points in the notebook in the Chinese lessons. I usually revisit the key points of the teacher's lesson when I go home. The reason why I like Physical Education is because it can make my body healthier. I also like running, long jump and playing volleyball, which also have many benefits for my body.

In addition, I have also learned how to get along with others in school. I can build many friendships. I have learned to have confidence in myself. Only with confidence can I do everything well.

My favourite extracurricular activity is the Musical Team. I have participated in the Musical Team for four years. If I am admitted this year, it will be my fifth year in a row! The reason why I like doing musicals is because I can improve my knowledge of drama. Moreover, I can also increase my experience through having the guts to perform. This is killing two birds with one stone.

There is really a lot of knowledge to be learned in school. Sometimes school can be very hard but still many happy things can happen too. For example, you can meet many friends but sometimes there could be pressure from school. The source of pressure is homework. Fortunately, the pressure will disappear soon as life in school is really amazing. There is a lot of knowledge hidden in a small space.

## 2020/21 The Writing Competition Results

Level	Champion	1 <sup>st</sup> runner-up	2 <sup>nd</sup> runner-up	Merit
