My Hobbies

What is your favourite hobby? Playing football, playing the piano or making models? My favourite hobby is playing the piano. When I'm playing the piano, I feel relaxed and happy. I can play many songs, such as 'A Duet With Mozart', 'Come On Out' and 'Moana Beyond'. I can play them because my piano teacher teaches me how to play them. I love my piano teacher. Do you like playing the piano?

I also enjoy going to the beach in summer because the weather is sunny and hot. I feel excited and relaxed. At the beach, I can do many things, such as playing beach volleyball, building a sandcastle, and swimming. When I am hungry and thirsty, I can eat some food and drink some water. Sometimes, I go to the beach with my friends. Do you like going to the beach?

Besides, I like playing basketball. When I'm playing basketball, I feel excited and relaxed. Sometimes, the ball hits me on my head, ears, eyes, and nose, but I do not give up because my parents always told me, 'Although the ball hits your body, you can't give up!' Now, I'm already not afraid of the ball hitting my head. I still like playing basketball. At last, I learn that if I have any problems, I can't give up. Otherwise, I can't do anything, but if I don't give up, one day, I will solve problems.

My Hobbies

Hi! I am Angie. I have three hobbies. The first one is my favourite, I always draw. I like to draw different things, such as a panda, a horse, people and an easter egg. I usually draw at home. I think it is fun. I usually draw with my brother. I use crayons to draw.

The second hobby is swimming. I usually swim when it is summer (holidays). I like to swim breaststroke. I usually swim with my dad and brother because they are not afraid. Mum can't swim because she is afraid of water. We often swim at the beach. We can build sandcastles too! I use cups to build sandcastles.

I think those hobbies are marvellous and interesting. I like reading books too! I can learn more words from books. I like to read Harry Potter, it is excellent.

Therefore, everything that I like is magnificent. When I do my favourite hobby, I think it is supercalifragilisticexpialidocious.

I hope everyone can read more books and draw more. You can go to the beach with your family. What is your favourite hobby? I want you to tell me.

My Hobbies

My favourite hobbies are playing card games and board games. I like to play a lot of board games and card games, such as UNO and Flying Chess, but my favourite board games is Monopoly.

I usually play with my friend at school and my family at home. In Monopoly, we can buy different lands and build hotels and houses. But this game is not very easy, when we step on others' land, we need to pay the owner money. I think this game is very fun and interesting.

I love playing board games and card games because they make me feel excited and relaxed.

My Favourite Sport

My favourite sport is cycling. Every time I go cycling, I always wear my helmet. If you do not wear your helmet, you might hurt yourself. I like cycling because it is interesting and I can learn more. I can even enjoy playing outside with my family and friends.

I normally go cycling on Saturdays because I am free on Saturdays. I usually go cycling on the sports ground. I always go cycling with my dad because he is good at cycling, he is super fast, he's much faster than me, even though I know how to ride my bike when I was three!

If you want to know how to ride a bike you need great balance, if you want to be good at cycling. A cycling match is hard but it is also very fun! You have to be careful not to crash or you might get hurt very badly. Last time I almost won but lost, but I was still very happy. Cycling makes me relaxed so I always go cycling. I hope you like cycling too!

My Favourite Sport

My favourite sport is badminton. I need to use a shuttlecock to play badminton. I like badminton because I think it is challenging and good for my health. I have a badminton lesson on Saturdays. I play badminton in my spare time too! I play badminton at Wo Hing Sports Centre because it is near my home. I play badminton with my family. I need to use a bat to hit the ball.

I feel over the moon when I play badminton. I really like badminton.

Lau Tsun Hei / Moses (12) 4D

2nd runner-up

My Favourite Sport

My favourite sport is jogging because I can do it anytime and anywhere in my free time. I do not need anything to play it, so I do it all the time.

I play it at home after school although my family hate me jogging at home because it is noisy and annoying. I also always play it outside, I enjoy playing it in a method I call 'gravitational slingshot'. I orbit my family and when I complete four orbits, I will slingshot my way out. (It's used by space probes).

I usually go jogging at home on weekdays after school. But on weekends I play it less because I have Math and English lessons on Saturday and I have to visit my grandparents on Sunday.

No one play the sport with me because they don't like doing sports. I never join running races because I don't like races. I feel over the moon when I go jogging outside. I usually think of something that I like when I am jogging, especially at home.

Fun Things to do in a country park

Dear Uncle Tom,

I heard you will go to Hong Kong next month. You can go to Clearwater Bay Country Park. I looked up some fun activities to do there.

But first you need to go to the park by MTR. It will only take an hour and a half to get there.

You need to bring lots of water to stay cool or else we will faint. You will also need to bring some remote walkie talkies to communicate with each other. We will also need to bring a notebook and document the different plants and animals. We can bring a big cloth and a picnic basket so you can have a big picnic at the picnic site. You can also bring a camera and take some photos.

You can also find a hiking trail but remember you need to bring a hiking stick, it will be very beautiful plants, flowers, birds. There are lots to see.

There are lots of unique stuff. I will only cover some of the facilities that are common, such as a drinking fountain, campsites, barbecue sites and don't worry about toilets. There are lots of public toilets at each square and inch of place. There is also a visitor center to ask questions.

And also please respect other visitors by not shouting, stepping and walking on the grass. You should read the country park code by finding the information board. There are basics like don't litter, don't pollute the fresh and clear water, don't feed wild animals, don't be rude to the staff and stay on the path.

Your friend,

Jimmy

Fun Things to do in a country park

Dear Auntie,

How is your life in Singapore? I heard your business tycoon is going really well! I also heard from my dad that you and your family will be coming to Hong Kong to spend the week with me and my family too! I can't wait for your visit! I have a recommendation for a country park we can all go to together!

The name of the country park is Ma On Shan Country Park. The country park opened a few weeks ago. This country park is like nothing you have ever seen before! This place is filled with exciting things to do and see! But first, there are something you need to know about, like, transportation, travel time, essentials and etc.

First, to get there, you need to hop on the 978 bus from the airport to Ma On Shan, after you come off the bus you and your family will see a coach. Don't get confused, though, the coach I'm talking about is blue and green in colour.

Second, the journey will be exactly 90 minutes, and don't worry about the ticket, because it's free. Next, there are a lot of stuff you need to prepare! First, you will need to bring hiking poles for your family, insect repellent, hiking shoes, a multi-functional knife, a map and a first-aid kit. Don't worry about the cutlery because my family will bring that. We'll also see a lot of stuff there like a butterfly garden and fly kites. I suggest this country park because it is really modern. I really can't wait for your visit!

Love,
Ruth

Fun Things to do in a country park

Dear Uncle,

Uncle! Are you excited to go to the country park with me and my family? I am very excited! I can recommend some fun things we can do in a country park and how long to get there.

First, I recommend we go to Lantau South Country Park. It is very big and relaxing! We are going to take a tourist bus to get there. It takes around 45 minutes from Fanling to Lantau. We must bring a water bottle, a tent, some sunscreen, a mobile phone for GPS, a map for us if we get lost, hiking shoes and a compass if it's in need. We can also bring some snacks and juice boxes.

We can fly a kite in the butterfly garden, have a barbecue at the barbecue site. We can also relax or take a break at the peaceful campsite, and watch the beautiful sunset near the sea in the evening.

Oh! And don't forget to check the weather. If it's going to rain, remember to bring an umbrella! See you next month in Hong Kong.

Safe trip!

Love,
Eunice

Fun Things to do in a country park

Dear Uncle,

Hi uncle, how are you? Next Sunday we will go to Shing Mun Country Park. We can take the bus or drive the car there. But we will take a long time to get there because we need to cross the mountain so we get there in an hour.

The first thing we need to bring is insect repellent because there will be a lot of insects. The second thing we need to bring is a map because when we get lost we can use the map to find the way to get out. The third thing we need to bring is a whistle because when we get lost by ourselves and don't know how to get out you can use the whistle to call anybody around you. We can have a picnic and we can eat cookies, bread and sandwiches. Next, we can go hiking and we can see a lot of beautiful views and we can do exercise too. We can also see a lot of things at the country park such as animals, trees and a lot of people.

Love,

Jaxton

An Unforgettable Trip

Last week, my family and I went on an unforgettable trip! We went to South Korea for 4 days for our Lunar New Year holiday.

On our trip, we woke up at 2am for our flight! It was quiet outside when we were going to the airport by bus, then we arrived at the airport, ready to take our flight.

After a while, we landed in South Korea Incheon Airport in Seoul, when we landed, I couldn't believe it! It was snowing! It was the second time I saw and felt snow in my life! I was over the moon and immediately ran outside!

Next, we stopped by a restaurant, it had unbelievable food, the traditional dish is kimchi! It tastes wonderful and makes a crunch sound when you bite it! It's also very spicy and yummy. We also visited the Lotte World Centre, its 555 metres tall. The view was admiring at the top of the skyscraper. It is taller than the International Commerce Centre.

The next day, we went to a snowboarding centre on a snow mountain. We rode on the ski lift to the top of the slope. I was on cloud nine and had a wonderful and joyful time there! After, we headed back to our hotel and put some drinks outside on the balcony, the drinks froze solid after an hour! It's colder than the fridge!

At the end of the trip, we ate a lot of mozzarella sticks and I will never forget our unforgettable trip in South Korea!

An Unforgettable Trip

Last year my relatives and I went to Gui Zhou for three days. I enjoyed spending time with my relatives very much, and there were a lot of interesting things in Gui Zhou too! Today I want to share one of my unforgettable experiences-- the Huang Guo Shui Waterfall.

Before we went to the Huang Guo Shui Waterfall, we went to the cinema to watch a 4D movie. The movie was about the history of the Huang Guo Shui Waterfall. A baby dragon led us to fly around in the movie. It was amazing. The chair was movable. It was so exciting! My cousin and I were on cloud nine.

After that, we went to the Huang Guo Shui waterfall by coach. When I was getting off the bus, I had already heard the peaceful sound that the waterfall made. We came near by the waterfall-- Wow! The waterfall was so enormous. I sat down on the bench and quietly listened to the sound of nature. It made me feel relaxed.

At last, we went to the Water Curtain Cave. Wait, what? You might think that it was a fiction but it was real! My cousin and I were interested in the Water Curtain Cave and we decided to go in. There were a lot of beautiful lights and stones inside. Suddenly, I saw some water splashed clumsily on my face. 'What happened?' I asked my cousin when I was looking at my wet clothes. My cousin laughed and said, 'Aha! We were behind the waterfall now! The water splashed on our face, I felt speechless and laughed with my cousin together.

This trip was very unforgettable and I was thankful that I could spend some time with my relatives. Also, I've noticed the importance of the nature. I am looking forward to the next trip!

An Unforgettable Trip

Have you ever gone on an unforgettable trip? How did you feel? I have gone on an unforgettable trip; let me share with you!

Last lovely Sunday, the sun was blazing down. I woke up and asked my parents, 'Where are we going today?' 'Surprise! We're going to Hong Kong Ngong Ping to celebrate your birthday!' I washed my face and yelled happily, 'What? I remembered my birthday! Let's go!' We were over the moon and put on our sunglasses.

After a while, they arrived the center where we rode on the cable car. We queued in the line and went into it. I was so frightened in the beginning, but I tried to open my eyes and saw a lot of beautiful views. I was so excited! I took my phone up and took a lot of photos! We also saw the plants in the sky while we were travelling by the cable car. I was as happy as a lark because this is my first time going to Ngong Ping!

After twenty -five minutes, we arrived at Ngong Ping, we went to the shop, they sold fishballs, sausages, sandwiches. Then, we went to the statue of the Big Buddha. I ran very fast, I yelled, 'Hah! I am the first one who arrive Big Buddha in my family!' When I was running, I fell down on the stairs. I cried and my parents ran to me immediately. I couldn't walk by myself, so my mom called the ambulance and I was admitted in the hospital for four days. I was very disappointed that I couldn't join the English Fun Day next Monday in school!

In this experience, I learnt that we shouldn't run fast when we are traveling or hiking because it is dangerous. What an unforgettable experience!

An Unforgettable Trip

I have been to Beijing at November, it was one of my unforgettable trips!

I travelled with my mom, my brother, my sister, and my grandma. It was a four-day trip to Beijing. It was very cold! We first went to the hotel to unpack our things, then we rested after a long flight. I also tried the Peking Duck, which is famous in China. I think it has too much oil, but I still liked it. I was over the moon to be in Beijing!

The second day, I planned to go to Tiananmen Square to take a look, unfortunately, we couldn't watch the national anthem because it was too early in the morning to wake up. It's also very cold out there, I really shivered even on warm clothes! We also went to Beijing's Olympic area, it looked like a bird nest.

At the third day, we went somewhere I will never forget, the Great Wall of China. We travelled by taxi then took a bus shuttle to get there. Once I got off the bus, I could barely feel warm! We didn't go on the stairs at the Great Wall, I was shivering so much and we also decided to go eat at a nearby restaurant. I was so hungry that I could eat a horse! The dim sum was very delicious and satisfying! My family and I also didn't expect my brother to eat so much. He was on cloud nine! We bought some souvenirs too. We went back to the hotel after that because it was very cold. The dinner was yummy too! I fell in love with a dessert too! We decided to take a few home because it doesn't melt.

The last day, we got ready to leave Beijing, I love the city! I hope I will have another chance to visit again. We had a wonderful trip! We were very happy and over the moon!
