The lift door opened again but there was nobody and no car in the lift. 'Where is the model car?' Tom asked. Tom's dad came and said, 'What happened?' 'Someone stole the car,' Tom said.

Finally, Dad bought the missing car. Tom felt blue. He had no birthday gift this year. The story taught me that I should only play with the toys after I buy them.

School Picnic

25th November, 2025

Sunny, windy, dry

Today was the school picnic! We went to the Po Leung Kuk Jockey Club Tai Tong Holiday Camp. The weather was sunny, but a bit dry and windy. The whole school was there and I spent most of the time hanging out with my friends.

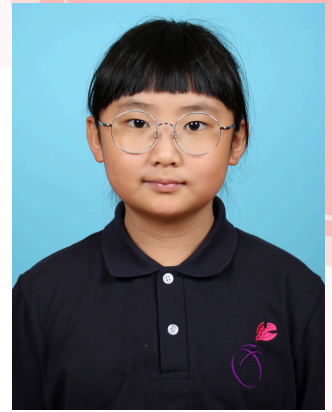

First, we found a wide open patch of grass for a picnic. The grass was lovely and it was a beautiful sight. Then, the wind blew, the grass waved at us like little hands. Then, we feasted on delicious snacks like cookies, chips, sweets and sandwiches. We also played a ton of games, running and laughing happily. I was as happy as a lark.

Later, we played 'What's the time, Mr. Fox.' I was delighted. Unfortunately, one of my friends slipped and fell on the ground. His knee started bleeding and he cried. I immediately felt like a cat on a hot tin roof. I was so worried and gave him a plaster, but it was too small.

Luckily, another friend stayed calm. He quickly told a teacher nearby, who took the boy to the First-Aid station at the Main Stage. There, they gave him a bigger plaster.

After that little accident, we continued to play, but much more carefully. It was the most unforgettable day in my life! Even though there was an accident, I still felt over the moon!

A Lesson Learnt

4C Au Hoi Ki/ Kitty

Last week, David and his younger brother played football in the garden. Suddenly, David kicked the ball against the window carelessly. The window was broken.

After that, the neighbour heard a sound, 'Bang!' She went towards the window. She saw that the window was broken so, she was very outraged. She scolded David and his brother, 'Who did that?' They were very scared.

David and his younger brother apologised to the woman and they said, 'Sorry, we were just playing football. While we were playing, we kicked the ball so hard that it flew to the window and broke it.' The neighbour forgave them. They were open-mouthed. They couldn't believe it.

At last, they helped the neighbour to clean up the broken glass carefully. They learnt a lesson that they should be more careful when they are playing football.

Be Polite

On a sunny and hot Monday, Gordon had a tutorial class at Elite Learning Centre. When he finished his tutorial class, he waited impatiently for his helper Lily. When Lily arrived, he threw his bag to Lily rudely and shouted, 'You are three minutes late! Carry my bag!' Lily felt upset because Gordon was very impolite.

In the afternoon, Lily and Gordon arrived at Gordon's home, but Lily accidentally broke Gordon's sunglasses. Lily was at a loss for words because she was so shocked. 'You are so careless! Get out of my home! You are the most careless helper!' Gordon was very angry and yelled rudely. Lily was so upset. Gordon's dad and mum saw Gordon shouting at Lily. Dad was very furious so he said, 'Lily is here to take care of you. You shouldn't be mean to her! I am disappointed in you!'

At night, Gordon said sorry to Lily. They felt pleased. In this story, he learnt that he needs to be grateful for his parents, friends and helpers!

My Superhero

5B Wong Hoi Tsun/ Koby

My Superhero is called 'Super Kid', but his real name is Kaido. He is a fifteen-year-old student. Even though everyone says that he always just pretends to be a superhero, it doesn't mean that Super Kid doesn't defend the city, how amazing!

Super Kid has a long face with dark black eyes, a pointy nose, dark black hair and a small mouth with white teeth. He's also a hundred and ninety-five centimetres tall. He has some abilities as well, such as laser eyes, which can help him fight enemies and night-vision, which can locate enemies at night, how useful!

He also has some clothing items too. He always wears a mask to cover up his identity. He wears a bullet-proof cape to help him fly, he has a mini-gun on his arm to shoot bad guys from far away. His shoes are a special kind of boots to help him stay balanced in the sky, and they have rocket boosters to help him run as fast as lighting! Amazing!

My Diary

5C Lau Yat Shun/ Jacko

25th October, 2025 (Saturday)

Sunny

Yesterday evening, I took a walk with Daniel in Happy Park. I witnessed a robber and discovered a shocking secret.

Daniel and I were chatting happily while walking in the park. I heard someone screaming loudly so I looked around. I saw a thief pointing a knife at the woman. The thief was a man in his early thirties. He had a brown flat cap with a black face mask. He was wearing a black T-shirt with stripes on the sleeves. I spotted some red scars on his right arm.

The woman was about forty. She had short brown curly hair with a round face and glasses. She was wearing a pearl necklace and earrings. The thief snatched the woman's handbag and shouted at her, 'Shut up! Give me your things!' The woman was shaking like a leaf. She stammered, 'Take... Take it!' In less than three minutes, the thief rushed away, Daniel was hot under the collar. Meanwhile, something amazing happened. Daniel transformed himself into Superboy. He was as strong as an ox now. Superboy flew up to the sky and used his superpowers to punch the thief. I helped to call the police afterwards.

In the end, Superboy caught the thief and handed him over to the police. The woman thanked Superboy for his help. Daniel asked me not to tell anyone. I replied, 'You are my hero! This secret is just between you and me!' I hope we can work together in the future.

A Visit to Ocean Park

5D Yu Tsz Huen/ Bessie

Yesterday, Mr. Lee and his family (Mrs. Lee, Ben and Simon) went to the Ocean Park to ride on the cable car because it was Easter. Their face lit up. They felt like a dog with two tails.

After a while, they finally went on the cable car. 'I'm so excited!' Simon smiled. Dad added, 'Come on!' When they were looking and taking pictures of the breath-taking view. All of a sudden, the cable car shook violently and stopped. 'I don't want to stay here! I am so scared!' Ben yelled with fear. They felt very nervous. Ben and Simon were so scared that their hearts missed a beat.

Later, Dad said calmly and solemnly, 'Everyone, please calm down!' 'How about we eat some food first?' Mum suggested. 'Great idea!' Simon answered. They ate a lot of delicious food such as strawberry bread, potato chips, and four cartons of juice. 'How tasty!' Mum said as they finished their food. Then they played rock-paper-scissors. They were over the moon.

Luckily, the cable car shook and moved again. 'Hey, it's moving again!' Ben cried. 'We're safe!' Simon added. When they landed, they felt a great sense of relief. 'Even though the ride was very scary, I am happy that we're together!' Ben smiled. They all laughed.

A Visit to an Elderly Home

6A Leung Yat Yeung/ Dave

18th October, 2025 (Saturday)

Sunny

Today, my friend Mark and I volunteered in a charity event, which was a visit to a nursing home organised by the ABC Charity. I was so overjoyed that I went to prepare the presents for the elderly right away!

When we arrived at Sunshine Elderly Home, the leader split us into three groups. Some children including Mark were playing chess with the elderly. Mark said the elderly were masters at it! Some were chatting with the elderly merrily. They comforted their worries, and cured their boredom. At the same time, I was massaging an elderly woman's arm. This made her feel comfortable. They all said, 'We were in paradise!'

After that, I got the gifts out. Mark and the other children helped deliver them to the elderly. They were amazed and said, 'A good son comes from a good dad.' Except Grandpa Chan because he didn't have a present.

Just when I was panicking because the bag was empty, Mark had an idea, 'How about we do something by hand in exchange?' I calmed down and replied, 'That's a good idea!'

Mark, the children and I all gave Grandpa Chan the ultimate massage. And he was just as happy as the other elderly people and he felt all comfy. In this experience, I learnt that we always need a plan B no matter what.

A Picnic Day

6B Wong Chun Him/ Marcus

Last Sunday was a bright, sunny and wonderful summer day. Sam, John and I went to a country park to have a barbecue. We prepared many things before setting off. Then we went in the country park and walked along the path to the barbecue site.

We walked for about fifteen minutes and we crossed a small bridge. Suddenly, my mobile phone slipped out from my pocket. I felt very nervous.

Then we used the tree branches to get the phone out of the river but it didn't work. We used a lot of different methods to fish it out but failed, we felt disappointed.

In the end, we saw a fisherman who came over with a fishing net. We asked him to help us get the phone back. Twenty minutes later, the fisherman helped us get the phone back. We all said 'thank you' to him. The phone was all wet. When I turned on the phone, it was out of order! I was so sad. I had learnt that I shouldn't put my phone in my pocket. It was horrible!

A Visit to the Museum

6C Wong Tsz Yu/ Cody

Last Saturday morning, Jason went to a museum with his parents and sister, Jane. The museum was quiet and tidy. While Jason was looking at a valuable ancient vase, Jane was taking photos of a beautiful painting. A short while later, Jason was bored so he came up with an evil idea. He wanted to play tricks on Jane.

Soon afterwards, Jason quickly grabbed Jane's phone. Next, he ran as fast as a leopard and shouted, 'Ha ha! Don't you see the sign? No photos here!' Jane was driven up the wall by him and shouted, 'It says no flash photography only! Give me back my phone!' Seeing this, a member of staff yelled, 'Don't run! It's dangerous!'

Meanwhile, Jason ran across the museum hall and Jane chased him closely. They forgot that they were in a museum. Suddenly, Jason hit the table. The ancient vase fell on the floor and all the people were shocked. It was a heart-stopping moment.

Fortunately, the staff member reacted quickly and caught the vase just in time. Everyone let out a deep breath. He said seriously, 'Running is not allowed in a museum. You may cause a lot of damage.' Jason and Jane looked down at their feet and apologised sincerely.

Eventually, they learned that they need to do appropriate things at public places. After that, they promised to follow the rules and think twice before they act. As the saying goes, 'once bitten, twice shy'.

Self-introduction

6D Lam Pak Yeung/ Anton

Good afternoon. My name is Anton Lam. I am eleven years old. I'm a P.6 student from Fanling Assembly of God Church Primary School. I am a responsible head prefect as shown by my ability to manage my timetable. At school, the head prefect needs to ensure that everyone follows the rules. I need to be a role model in front of them so I am always disciplined. I have always been punctual since I was Primary 1. This sounds simple but it is indeed very hard to persist in arriving at school on time. I work very hard. I finish the work that I planned every day. I feel satisfied with my completion of work. On the other hand, I am sometimes careless so I keep telling myself that I will double check my work and think twice.

Regarding my school life, Maths is my favourite subject. Solving problems using the logical concepts is the most challenging but interesting. I enjoy drawing diagrams and working on them. One time, my Maths teacher, Miss Fung, asked the class to make a 1m cube by using poles. Then she asked some students to fit inside to feel how big it was. I like this visualisation. I am fond of rope skipping toe. As the leader of the rope skipping team, I teach teammates the techniques and schedule our practice. I attended the school music talent show in P.5. I played the piano and won the Teachers Top Recommendation Award!

In terms of hobbies, I like playing musical instruments such as the piano, flute and recorder. Sometimes I also compose music on Garage Band. When I was doing rope freestyle skipping, I had to align my steps with the music. It was a sense of groove.

When I grow up, I want to become an athlete specialising in running. I am targeting to be the world champion. I will need more hard work on it.

My Favorite Animal

1B Lam Pak Kan/ Caleb

My favourite animal is Flapjack, the octopus.

It is six years old.

It has a flat head and two small eyes.

It has a 7-8cm body.

It has eight moving tentacles.

It has a few suckers on each arm.

It is cute.

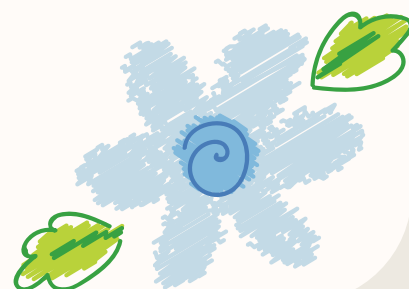

It is cool.

It is orange, yellow and red.

I love this animal because it is small.

26

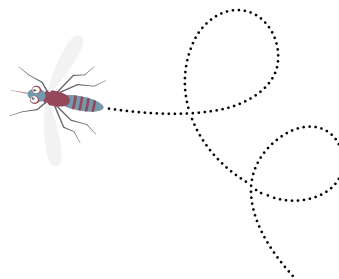

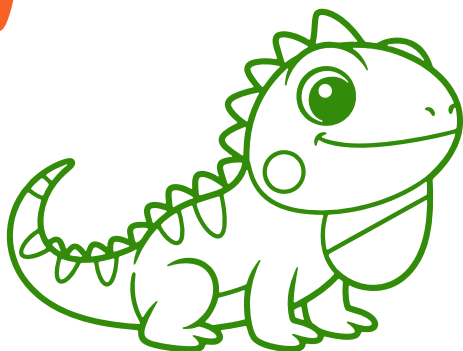

My Favorite Animal

2A Kwok Chun Fan/ Fan Fan

My favourite animal is an iguana.

It is colourful, big and active. It can lick your food, run and even climb. I like the iguana because it can eat the bugs in my home. It's clever too! But I sometimes feel scared because it can suddenly bite or chase me. I like its long tongue and the beautiful skin colour.

My Hobbies

3D Leung Tang Yuen/ Yuen

My hobbies are drawing, playing phone games and flying kites.

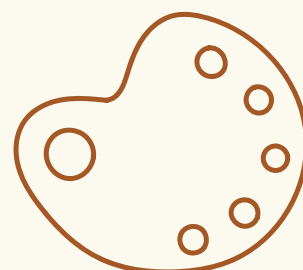

I like drawing best because I think it is fun. I draw at home with my brother, I need colouring pencils and a pencil but sometimes I draw out of the lines so I need an eraser too. You need to be careful to draw nice art.

I also like playing phone games because I think it is exciting. I play Roblox with myself at home and I play it every day from 8 p.m. to 9 p.m. Sometimes I play until 9:20 p.m. I need a phone and some skills to play.

I like flying a kite because I think it is interesting. I fly a kite with my family. I fly a kite on Sundays at a park. I need a kite to do the hobby.

I feel excited when I do my hobbies.

My Favourite Sport

4B Yeung Chun Hei/ Max

My favourite sport is football. Football is a famous sport that everyone knows. There are lots of tournaments like the World Cup and Asia Cup. At every football match, the stadium is full of joy, everyone is cheering for their team happily.

Now, let me share my story about football. Last month, it was my football match. That day, I walked on the football pitch. I was as nervous as a cat on a hot tin roof. When the game started, the leader kicked and rolled the ball, running like a cheetah. I could hear the crowd cheering and shouting as loudly as they could. The coach was giving tips. When I was running, I shouted, 'Alex, pass me the ball!' Then, I controlled the ball smoothly and scored! The goalkeeper tried his best to block the ball, but it was a GOAL! I was over the moon, celebrating with my teammate. I said, 'Hurray!' At last, my team were the champions! We got a gold medal!

I feel delightful when I play football. I also think playing football is the best way to make friends.

Fun Things to do in a Country Park

5B Wong Hoi Tsun/ Koby

Dear Uncle,

How are you? I heard you are coming to Hong Kong and will go to the country park next month. I'm really looking forward to this trip to the country park, hope you are as well.

The best country park I would recommend is Shek O Country Park, let me introduce the park to you! First, there is a playground for the kids to play on, it's very fun. I think the nature trail is the best choice for you because you love nature. I would suggest you bring your hiking pole, because you can go to the hiking trail.

When you finish, you can go to the rest area, it's five minutes away, there is a public toilet next to the rest area. If you don't know where it is, you can look at the information board, it's next to the entrance. We will go camping there, so you should bring a tent, some sleeping bags, cooking and eating utensils and remember to bring an umbrella just in case it rains.

At night, we can go to the barbecue pit and have a barbecue, I will bring some food there. We can barbecue many things, such as meat, corn and more. I will also bring sweets, potato chips and more. I hope you like this park. It is a five minute walk from the MTR station. We can enjoy the fresh air there. I would suggest this country park to you because we can enjoy fun activities together.

Hope you will come to Shek O Country Park with me, write back soon!

Love,
Koby

An Unforgettable Trip

6D Eunice Chan

I have been on an unforgettable trip, it was the best trip I've ever had!

On my 10th birthday, my family and I celebrated my birthday in Taipei. When I arrived at Taipei airport, I was shocked and amazed, the airport was so bright and clean! It even smells like perfume! We arrived at the hotel. Although there were some flies, the staff were really polite and sweet! They really made my heart melt! However, I found something ridiculous. In my hotel room, the toilet seat could massage your bottom. To be honest, it was really uncomfortable and tickled.

The next day in Taipei was so fun! We actually skipped breakfast because we were saving space for the buffet for lunch, I was super thrilled and delighted! When we entered the buffet, I was over the moon, my sister and I screamed excitedly. There were tiramisus, my favourite macarons and ice-cream cups. My sister's favourite thing at the buffet was the chocolate fountain, my sister drizzled chocolate syrup all over her marshmallows. My dad and mum ate desserts with a cup of coffee, they were satisfied with the coffee quality. Then we went on crazy rides! At first I was terrified, but at last I enjoyed the ride very much! Overall, the day was amazing!

The next day, in the morning, Taiwan actually had an earthquake. I was really worried and scared, we all started praying except my little sister who was sleeping peacefully like a princess. If she had woken up, she would have screamed like crazy, haha! At night, we went to a Taipei traditional night street, it was full of vibes. I was dancing to the music, that kept me joyful! Later on, we went to the stinky tofu shop, my sister exclaimed with a bad temper, 'Ew! Stinky tofu is very disgusting!' I pretended to gag, yuck!

Eventually, it was time to fly back to Hong Kong, it was really disappointing. Although this trip had a lot of ups and downs, we all really enjoyed this excellent trip, I was on cloud nine. This trip was really unforgettable.
